CSA Government Cybersecurity Forum

12 October 2016 | Suntec Convention & Exhibition Centre in Singapore

Serving the communities by securing public services

CSA Government Cybersecurity Forum

The Cloud Security Alliance (CSA) had successfully hosted its Inaugural CSA Government Cybersecurity Forum as an event of interest under the Singapore International Cyber Week at Suntec Convention & Exhibition Centre in Singapore on 12 October 2016.

Driven by the evolution of the cyber space landscape, there is a need to revisit to discuss on national's roadmap to cyber security. That is why we created this platform for speakers and panelists from government worldwide, to share perspectives on their country's national cloud computing/cyber security strategies, civilian and defense agency cloud security standards, and real-world implementation experiences with state-of-the-art cloud security architectures.

This was a full day event which brought information security professionals from civilian and defense agencies together to share and exchange experiences and lessons learned about best practices for securely implementing cloud computing to support agency missions.

AGENDA

08:30 am	Registration	
09:00 am	Welcome Address	Aloysius Cheang, Executive Vice President APAC, Cloud Security Alliance
09:10 am	Opening Keynote Cybersecurity Strategies for Singapore Enterprise	Yum Shoen Yih, Deputy Director, Government Cybersecurity Consultancy in the Critical Information Infrastructure Division, Cyber Security Agency (CSA) of Singapore
09:30 am	Emerging Approaches in a Cloud- Connected Enterprise: Containers, Microservices and Cloud Security	Anil Karmel, Co-chair, Cloud Security WG, NIST, USA
10:00 am	Morning Tea	
10:30 am	Searchable Encryption As a Service	Yale Li, Security Advisor, Institute of Information Engineering, Chinese Academy of Sciences Chairman, CSA Greater China Regional Coordinating Body
11:00 am	National Cybersecurity Strategy & Related Projects in Japan	Koji Nakao, Advisor, KDDI Corporation and Yokohama National University, Japan Executive Director, National Institute of Information and Communications Technology, Japan
11:30 pm	Accelerating Innovation	Thoo Wee Meng, Head of Innovation Initiative APAC, Cloud Security Alliance Head of Investments, Technology, Media and Telecom Sector, Leonie Hill Capital
01:00 pm	Mobile Application Security and IT Vetting	Keng Lee, Chief Operating Officer, Tanosecure

01:30 pm	Cyber Threats - Insights from history and current operations in a public sector	Kowsik Gurusamy, Chief Technology Officer, Menlo Security
02:00 pm	Cloud, Cyber Security and Digital Government Transformation in Thailand	Dr. Adisak Srinakaran, Executive Vice President, EGA, Thailand
02:30 pm	Regional Asia Information Security Exchange (RAISE) Forum	Dr. Kang Meng Chow, Co-founder and Co-chair, RAISE Forum
03:00 pm	Afternoon Tea	
03:30 pm	Multi-Tier Cloud Security Standards: What does it mean for CSP and Cloud Users	Alex Ng, General Manager, Clearmanage
