

# Cloud Security Alliance APAC Codebook - October 2018

Release in October 2018

## Guidelines on Effectively Managing Security Service in the Cloud

The new guidelines address a critical need stemming from today’s widespread usage of cloud, namely clearly defined security responsibilities for both vendors and their customers across various cloud-service models. While the shared responsibility model provides excellent guidance, many of the standards and specifications it touches upon target CSPs’ security responsibilities rather than those of customers, especially those with little to no cloud security knowledge.

### Highlights

#### CSA APAC Summit on 11 October 2018, Singapore

Dr. Hing-Yan Lee (EVP APAC, CSA) presenting the Corporate Membership Certificates to ST Electronic & National Supercomputing Centre.

Luciano Santos (EVP, Research, CSA) presenting on Charting the Course through Disruption with CSA Research.

---

Raju Chellam spoke about the

mysterious and treacherous Dark Web in his keynote on "What Danger Lurks in the Dark Web" at the CSA APAC Summit 2018. He noted that the unseen and relatively unknown Dark Web is a place on the Worldwide Web where a slew of illegal - and often criminal - products and services (such as hackers-for-hire and pay-per-use DDOS) are available for sale. He cautioned that the cheap and easy availability of sensitive data such as credit card details and personally-identifiable information posed a danger as criminals can spoof identities and use them as proxies to perform illegal activities.

Raju said he explored elements of the Dark Web while researching material for his book, Organ Gold, published by the Straits Times Press. It was formally launched at the CSA APAC Summit in Singapore on Oct 11, 2018. It is about the alleged nexus between human organ donors, recipients, hospitals, doctors, brokers and the underworld that operates in the deep corners of the Internet.

His advice? Be aware of the existence and the dangers of the Dark Web. Adopt good corporate hygiene habits such as deploying multi-factor authentication, hiring White-Hat experts to carry out "penetration testing", implementing strong ring architectures to fence off critical data, getting external experts to monitor activities on the Dark Web to alert corporate security departments on potential threats, and so on.

### CSA APAC Congress on 15 - 16 October 2018, Manila

(L – R) Dr. Hing-Yan Lee (EVP, CSA APAC), Luciano Santos (EVP, Research, CSA), Jim Reavis (CEO, CSA) with Ryan Ty (Chairman, CSA Philippines Chapter), Bill Liu (Chairman and Managing Partner of Stream Global Pte Ltd) & Joe Chan (CEO, AdvSTAR).

Tim Grance (Senior Computer Scientist, NIST) presenting on “The Internet of Things; Epic Change to Follow”.

## CXO Dinner on 16 October 2018, Manila

Jim Reavis (CEO, CSA) sharing his thoughts on trends in cybersecurity.

Gabriel Payawal (Country Manager, F5 Networks) presenting on "Maintaining Control Over Your Applications."

## International Cloud Forum on 19 October 2018, Bangkok

Dr. Hing-Yan Lee (EVP APAC, CSA) giving an update on cloud security research in APAC & update on the cloud landscape in Singapore.

## CISO Elite Asia on 24 - 25 October 2018, Singapore

Zhuang Haojie (Research Director APAC, CSA) presenting on “Building a Foundation for Successful Cyber Threat Intelligence Exchange”.

## Upcoming CSA Events - 2019

## CCSK Classes in APAC

### CCSK Plus v4

22 - 24 Oct | Kuala Lumpur

<https://lgms.global/csa-certificate-of-cloud-security-knowledge/>

### CCSK Foundation v4

30 Oct - 1 Nov 2018 | Kuala Lumpur

<https://verticaldistinct.com/product/certificate-cloud-security-knowledge-ccsk/>

### CCSK Plus v4

29 - 30 Nov | Jakarta

<https://www.eventbrite.co.uk/o/cloud-security-alliance-839645663>

### CCSK Foundation v4

17 - 18 Dec | Kuala Lumpur

<https://lgms.global/csa-certificate-of-cloud-security-knowledge/>

### CCSK Plus v4

17 - 19 Dec | Kuala Lumpur

<https://lgms.global/csa-certificate-of-cloud-security-knowledge/>
