

Cloud Security Alliance APAC Codebook- July 2017

New Releases for the month

New Security Guidance for Critical Areas of Focus in Cloud Computing V4.0

Cloud Security Alliance during the Blackhat event in Las Vegas on 26th July announced the release of [Guidance for Critical Areas of Focus in Cloud Computing 4.0](#), the first major update to the Guidance since 2011. Guidance 4.0, which acts as a practical, actionable roadmap for individuals and organizations looking to safely and securely adopt the cloud paradigm, includes significant content updates to address leading-edge cloud security practices.
